

Bus Stop

Please can people refrain from cutting across the ground directly behind the bus stop, where the new houses are, when going to or coming from the bus stop on the A90. This is not only dangerous as it is a steep embankment but people are also trespassing on private property - Thank You.

Newsletter Spring 2013

HARA - Chair's Introduction

Welcome to the latest edition of our Newsletter. I would like to extend HARA's thanks to Claire Coulson for all her hard work over the last few years as editor of the newsletter and welcome our new editor Linda. This seemed an opportune time to revamp the size and layout of the Newsletter, so I hope you like the changes in this issue.

Lots has been happening in the village since the last Newsletter, there has been a very successful Firework Display and an amazing second Pantomime from Hatton's own amateur theatre group, HATS. We hear from the Hall Committee that there is definitely going to be a Hatton Gala again this year, which is great news and something to look forward to in the Summer.

The positives have been somewhat tempered by the aftermath of the deluge of rain experienced on Sunday 23rd December. The disruption caused by the road collapse on Hatton Farm Road has affected shops and the Pub as well as the residents of Hatton Farm Gardens and surrounding streets. Hopefully work will start soon on a temporary bridge for both vehicles and pedestrians.

Finally, It was great to see another good turnout at our AGM in November, with a good spread of attendees from across the village. Welcome to two new faces on the Committee, Claire Milne and Steve Noble. Some activities are already in the planning and more being talked about for later in the year. Hope to see you there!"

Sandy Allan, Chair

Self-Directed Support (SDS)

Self Directed Support is the Scottish Government's key strategy for putting people back in control of their own lives once they need social care to help them live in the community.

It is backed by new legislation and a ten year strategy. The SDS Bill was passed in the Scottish Parliament at the end of November. The final stage is the Bill getting Royal Assent. It then becomes the Social Care (Self-directed Support) (Scotland) Act 2012. It is likely that the SDS Act will be fully implemented in April 2014 and that a further five years will be given to allow full implementation of its terms.

If you would like to know more information about SDS in Aberdeenshire then visit Aberdeenshire Council's website or contact the:

**HARA News
Hatton Bridge Update:**

Aberdeenshire Council has provided a briefing note to update on the actions following the bridge collapse on the 22nd December 2012.

After discussions with the several utilities which cross under or over the existing bridge it has been established that due to the complexities of the temporary and permanent diversions there is a possibility that the original 6 month programme to replace the bridge will be insufficient.

It has therefore been decided to construct a Bailey type bridge with substantial embankments immediately downstream of the existing bridge. It would be constructed using temporary bridge stock held by the Council to construct a 12m span arrangement with a pedestrian walkway attached.

This will give single lane crossing controlled by priority signage. The approach embankment will be sufficiently wide to permit two lane working with room for traffic in both directions to stack up as they cross in turn according to the priority established. It is anticipated that the temporary diversion will take approximately 5 weeks to construct from commencement of the earthworks (weather dependent). A written request will need to be made to the land owner who has indicated agreement in principle for the temporary occupation of the land.

The diversion would be in place for the duration of the works and upon completion of the permanent bridge the temporary diversion will be completely removed and the ground reinstated to its original condition.

Further to this briefing note please see over the page for the latest update.

Hatton Bridge Latest Update

Philip McKay, Head of Roads for Aberdeenshire Council advised that the current position is as follows:

- A considerable amount of the design and planning work required for the replacement of the Hatton Bridge is either well advanced or complete. The water way area of the existing bridge has been reassessed to ensure that it is adequate and the preliminary design for the replacement structure is almost complete. It is anticipated that a start to the procurement process for the permanent bridge will be within the next two weeks.
- Detailed discussions have been held with the Public Utilities who have apparatus crossing the failed bridge. Arrangements are now in place for the gas network to be diverted and discussions are at an advanced stage for the water supply to be diverted.
- Detailed discussions have also taken place with the affected Public Utilities with regard to the site for the construction of a temporary bridge. Further investigations are being concluded this week with a view to finalising the potential impact on, and mitigation measures necessary to protect, the public sewers in this area.
- Discussions are also at an advanced stage with the affected landowners to gain the necessary permissions for the utility diversions and the temporary occupation of land that would be necessary for the temporary earthworks required for the road and bridge.

HARA Face Book page and Crudencommunity.net will also be posting regular updates.

Please see further on in the Newsletter for information on whether a Public Meeting should be sought from Aberdeenshire Council.

crudencommunity.net (and porterroll.net the harbour website)

Kevin Andrew is the webmaster for crudencommunity.net. Kevin is a Cruden Community Councillor and the Secretary to the Port Erroll Harbour Trustees.

Kevin has lived in Collieston and Cruden Bay for over 20 years and he enjoys the sense of community, the history, the heritage and the natural beauty of the North East area. This has been the driving force in developing a community website.

The aim of the website is to inform and to advise the community (and anyone else who is interested) what facilities and activities are available, when celebrations and gatherings are taking place and to provide the local community with an asset that everyone can contribute to and everyone can use. Clubs and organisations can post their yearly syllabus, meeting times, activities and advertise events.

The 'what's on in Cruden' info panel aims to bring attention to notices, urgent information, and forthcoming events. There is also a live feed to Aberdeenshire Council's for school closures and transport cancellations. (If accessing via ipads, iPhones or android devices the RSS app will need to be installed).

The site is trying to develop a Heritage Section so anyone with a good knowledge of local history, stories and/or photographs is more than welcome to contribute.

The website is for the local Community so please support it by using it. HARA regular uses the site to post newsletters, events, meetings etc.

Profile of a HARA Member

Linda Alves - Treasurer / Newsletter Editor

Linda is currently the Treasurer and newly appointed Newsletter editor with HARA. Linda has been on the HARA committee and Treasurer for the past 3 years.

Linda has lived in Hatton for the last 8 years with her husband Chris and their cat Bailey. Linda and Chris have a daughter Ruth who is 22 and lives in Glasgow. Linda, Chris and Bailey live in what was the old shop, affectionately known as Tom's shop which is off Hatton Farm Road (Tom's Brae).

Linda is the Commercial Manager with a Subsea Company. She is also a member of the WRI and volunteers her painting skills for the HATS productions, having a long time ago attended art college.

In her spare time Linda enjoys painting, music, reading and cleaning (yes cleaning!).

The Treasurer's role involves keeping auditable books for both HARA's current and fundraising accounts, being one of the signatories for the cheque books and applying for any relevant funding. HARA applies for a small grant from the Council which is awarded around April time. The Council annually audits this grant to ensure it is being spent appropriately. The grant is used for such things as insurance, meetings, printing of newsletters, etc. The fundraising account is money which is directly fundraised by HARA from events, advertising, and donations and is used to purchase new tools, donations to other local organisations, items for fundraising events, etc.

In general it is a fairly easy role and is just a case of being organised and recording accurately.

Keep Hatton Tidy

Please could HARA ask that people use bins provided or take their litter home and not discard cigarette ends and gum in the street.

Please could dog owners pick up after their dog(s) and keep the village clean and looking good for all its residents and visitors.

Thank You.

Hatton History

HARA would like to include items of history relating to Hatton and the surrounding area and would be interested in any articles from local people.

Maybe you know about the old Simmers factory or the railway, or you live in a house or building which has some interest or history.

Please email your article to haranewsletter@gmail.com by the latest dates advised.

If you have interesting photos please also include these, although they can only be accepted scanned into your email.

Interesting Fact - Herons

Herons are medium sized birds with long legs and necks and are often seen beside river courses where they feed on small fish, reptiles, aquatic insects etc. The Heron often stands motionless whilst hunting, waiting for its prey to come into range before snatching it with its bill.

See if you can spot one as they are regularly visitors to the water courses in and around Hatton.

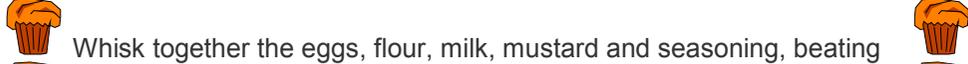

Recipe - Winter Warmer Toad in the Hole

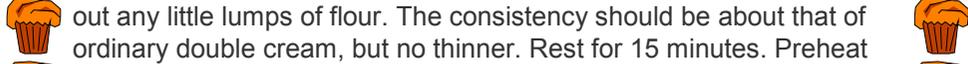

Less than 30 mins prep time and approx 30 min cooking time - Serves 4

- 2 eggs
- 125g / 4½ oz plain flour
- 150ml / 5fl oz milk mixed with 150ml cold water
- 1 tbsp mustard
- salt and pepper
- pinch of dried Thyme (optional)
- 6 sausages or pre-roasted / boiled chunky vegetables
- 3 tbsp of lard or vegetable oil

Whisk together the eggs, flour, milk, mustard and seasoning, beating out any little lumps of flour. The consistency should be about that of ordinary double cream, but no thinner. Rest for 15 minutes. Preheat the oven to 220C/425F/Gas 7. Put the lard or oil in a roasting tin and leave it in the oven until it is smoking. Add the sausages or vegetables and pour in the batter (it should sizzle). Transfer the tin back into the oven and bake for 25-30 minutes until puffed and golden.

Any ideas for recipes (especially recipes that have both a meat and vegetable alternative, please send them to haranewsletter@gmail.com. Let us know your name and we will give you a mention.

Special Messages

If you have any special messages, congratulations, birthday wishes, thank you messages, announcements etc., and you would like them to be included in the newsletter please email haranewsletter@gmail.com before the latest dates advised (adverts will require a donation).

Include a scanned photo for extra effect.

It's a place for parents, grandparents and carers to meet and make friends with others, whilst your pre-school children play in safety with a wide variety of toys and games. We also do arts and crafts with the children such as Easter and Christmas cards and finger painting when we are feeling really brave! There is a £2 donation per parent per session. Amongst other things, this goes towards new toys and equipment and a healthy snack for the children; as well as a much needed tea or coffee and a 'wee treat' for the grown-ups! We look forward to seeing you soon!
